#### B. Public Comments

Stanislaus County Department of Parks and Recreation held a Public Meeting on March 18, 2009. We had approximately 40 people attend on behalf of both parks. The purpose of the meeting was to gain public input on both OHV Ground Operations Grants for Frank Raines and La Grange. The process we took was to hand out the preliminary grant to each person and go through the costs associated with maintaining the park. We asked the audience if there was anything we needed to add or address in the grant that wasn't already there. We went on to inquire if there were any additional comments and or concerns regarding the service level at the park.

At this meeting we discussed several issues. I will list them briefly below.

- Discussion of the property that has not yet been open to riding. The users of the park felt the process was taking too long and that we needed to open up access as soon as possible. We let them know we had a planning grant in place that was in the second phase of the plan to mitigate the asbestos issue in the upper 500 acres.
- We discussed the Stanislaus County Volunteer process and were told that it was too cumbersome. The users wanted the process simplified and they wanted more opportunities to go up on the mountain and donate their time and skills. We put a plan in place to get more people signed up through the United Way and welcomed any and all to work with our Park Maintenance Personnel to plan and carry out small or large jobs at the park.
- The comment was made that the amount of money we were asking to lease heavy equipment was not necessary. The question was asked – What about the months you won't be using the equipment? They made a suggestion that we utilize the County's Public Works Department. The County explained that we could look into the possibilities. We also reduced the amount we asked for in the area of contracts - heavy equipment. There was also a comment online regarding the cost for the lease of heavy equipment and again it was questioned if we should take out a yearly lease or ask Public Works to use their equipment. The department agreed with this assessment and took out the cost of heavy equipment leasing. We added bridgework and mountain/trail maintenance.
- Public asked how many Class A Drivers we have and the County responded, "We have one."
- Discussed new emissions requirements for equipment
- Public suggested that staff work to cover the weekdays to prevent vandalism. The County said we have enough staff to cover the highest peak time of use for the park
- Discussed a way volunteer time could be used as a Match for the grant

We also sent out a mailing on March 3, 2009 to all the user groups of Frank Raines and La Grange Park. We notified our constituents that information regarding the grant would be available on the State OHV site for viewing. We invited their comments and input. One the state database we received two comment regarding the statement to support both grants submitted by Stanislaus County.

One of the statements online questions Frank Raines "ask" for four full time positions. Again, we took in consideration their comment and our budget and we made the decision to cut the seasonal workers time from (2) full time to (2) part time park aides.

#### C. Application Development as a result of Public Comments

- a. Were changes made to the Application as a result of public comments? (Please select ☒ Yes ☐ No Yes or No)

- b. Describe how public comments affected the Application

Frank Raines Grant: We decided to remove the ask for monies for the lease of heavy equipment. We are looking into resources within the County. We instead asked for bridgework and maintenance of mountain trails.

We also reduced our request for (2) park aides full time to (2) park aides at part time.

La Grange Grant: There were no changes made to this grant based on public input.

## 1. Applicant Certifications

### A. General Conditions

- A. The Applicant hereby certifies, under the penalty of perjury, compliance with the following ☒ terms and conditions:
1. If the Project involves a Ground Disturbing Activity, the Applicant agrees to monitor the condition of soils and wildlife in the Project Area each year in order to determine whether the soil conservation standard adopted pursuant to Public Resource Code (PRC), Section 5090.35 and the HMP prepared pursuant to Section 5090.53(a) are being met.
  2. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the soil conservation standard adopted pursuant to PRC Section 5090.35 is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion, to repair and prevent accelerated erosion, until the same soil conservation standard adopted pursuant to PRC Section 5090.35 is met.
  3. If the Project involves a Ground Disturbing Activity, the Applicant agrees that, whenever the HMP prepared pursuant to PRC Section 5090.53(a) is not being met in any portion of a Project Area, the recipient shall close temporarily that noncompliant portion until the same HMP prepared pursuant to PRC Section 5090.53(a) is met.
  4. The Applicant agrees to enforce the registration of off-highway motor vehicles and the other provisions of Division 16.5 (commencing with Section 38000) of the Vehicle Code and to enforce the other applicable laws regarding the operation of off-highway motor vehicles.
  5. The Applicant agrees to cooperate with appropriate law enforcement entities to provide proper law enforcement at and around the Facility.
  6. The Applicant's Project is in accordance with local or federal plans and the strategic plan for OHV Recreation prepared by the OHMVR Division.

### B. Programmatic Conditions

#### B. The Applicant must describe the following programmatic conditions:

1. Identify the potential for the facility to reduce illegal and unauthorized OHV Recreation activities in the surrounding areas:  

Stanislaus County has a special unit called the Sheriff's Department Special Vehicle Operation Unit (Off-Road). The unit (SVOU) currently consists of 4 full time Deputy Sheriff's and is supervised by a Sergeant and a Lieutenant. The Parks Dept. currently has a contract with the Sheriff's Dept. to provide coverage at both Frank Raines and La Grange OHV Parks. In addition to Deputy coverage, both parks are fenced at the property lines and no trespassing signs are posted. The Parks Dept. staff, with help from both the Sheriff's Dept. and many volunteer groups routinely patrol the park and check all fence lines for breaks that need repair. Frank Raines alone recently put up over 1 1/2 miles of 5 foot no climb fence at a cost of over \$200,000. La Grange also installed no climb fencing at a cost of \$2,500.00.
2. Describe how the Applicant is meeting the operations and maintenance needs of any existing OHV Recreation Facility under its jurisdiction:

Stanislaus County Department of Parks and Recreation, with funding from O&M grants provides full time Parks Maintenance staff for Frank Raines and part time and full time staff for La Grange during OHV season. This funding supports the following:

Fee collection   Cleaning bathrooms  
Mowing   Edging  
Maintaining kiosks   Supporting volunteers  
Trash collection   Campground improvements  
Establishing traffic control   Purchasing small tools and cleaning Supplies  
Replacing sign boards   Water system maintenance and testing  
Electrical repairs   Rules Enforcement  
Repairs to the recreational hall   Enhance emergency response

### C. Fee Collection

Describe how fees collected pursuant to Section 38230 of the Vehicle Code (in-lieu funds) are utilized and whether the fees complement the Applicant's proposed Project:

The In-lieu funds is distributed to the General Budget of Stanislaus County. The Department of Parks and Recreation is operated from funds in the General Budget. Both OHV Parks have their own seperate line item in this budget. The fees help our department to keep the areas clean, green and safe.

### D. Compliance with PRC 5090.50(b)(1)(C)

Projects within the O&M category that affect lands identified as inventoried roadless areas by the U.S. Forest Service, are compliant with PRC 5090.50(b)(1)(C). (Please select Yes or No)
